

From Genesis to Revelation: Disability and His Sure Promises of Help

Presentation by John Knight

Seminar Description:

When a child or adult with disabilities comes to your church, are you filled with excited anticipation or dread? Are you glad they have come, but afraid of doing or saying something wrong - which prevents you from doing anything at all? Participants in this seminar will receive an overview of what God says about disability in His Word and gain some practical suggestions for how churches can engage families experiencing disability. We'll conclude with how your church can teach the next generation (and maybe the current one as well) more accurately about God's Word and His purposes in disability.

Seminar Outline:

- I. **God's Glory Displayed in Disability: Welcome and Overview**
 - a. God's Word unashamedly addresses God's sovereignty over disability and disease
 - b. God equips his people to serve and be served by those who live atypical lives because of disability
